Education

University of Gujrat Bachelor of Science in Information Technology (BSIT)	Gujrat, Pakistan 2022 – 2026
Read Foundation College Boys (RFCB) Higher Secondary School Certificate (HSSC), Pre-Medical	Bhimber, AJK, Pakistan 2020 – 2022
Read Foundation College Boys (RFCB) Secondary School Certificate (SSC), Science Group	Bhimber, AJK, Pakistan 2018 – 2020

Projects

University of Gujrat (Final Year Project) Project Lead	Gujrat, Pakistan December 2025 – May 2026
• Led the design and development of a Deep Anomaly Detection System (D-ADS) to enhance network intrusion detection using Machine Learning and Deep Learning techniques. • Developed and integrated LSTM and CNN models with Snort IDS for anomaly detection and real-time security monitoring using the CICIDS2017 dataset.	

Experience

MALC Tuberculosis Control Program District Field Supervisor	Bhimber, AJK, Pakistan August 2025 – May 2026
• Coordinated tuberculosis screening campaigns, awareness activities, and community outreach programs across the district. • Managed patient follow-up, treatment adherence monitoring, preventive treatment distribution, and healthcare facility coordination. • Conducted field visits, stakeholder engagement, and screening camps involving chest X-ray and GeneXpert testing services. • Collected, validated, and maintained program data, reports, and documentation to support monitoring, evaluation, and decision-making processes.	

Leadership & Training

NSCT Successful Candidate	Pakistan April 2026
• Achieved a passing score of 64.4% among more than 33,000 participants from universities across Pakistan. • Demonstrated competency in analytical reasoning, problem-solving, and professional aptitude assessment.	
Nationwide Virtual Technical Training Initiative (NVTTI) Trainee	Pakistan March 2026 – June 2026
• Selected for the Nationwide Virtual Technical Training Initiative (NVTTI) to pursue advanced industry-focused training in Data Analytics and Machine Learning. • Enrolled in AWS Certified Data Analytics – Specialty, AWS Certified Machine Learning – Specialty, and Google Certified Machine Learning Engineer certification programs.	

Skills & Interests

Technical: Python (Advanced), SQL (Intermediate), JavaScript (Intermediate), TypeScript (Intermediate), HTML5, CSS3, Angular 20, Firebase, Tailwind CSS, TensorFlow, Keras, Scikit-learn, Pandas, NumPy, Git, GitHub, Linux (Ubuntu/WSL), Microsoft Office (Word, Excel, PowerPoint)

Languages: Urdu (Native), English (Professional Working Proficiency)

Interests: Data Science, Machine Learning, Artificial Intelligence, Cybersecurity, Cloud Computing (AWS), Open-Source Development, Technology Research, Problem Solving, Continuous Learning
